

# Spirent TTsuite-WAVE-DSRC 1.2.0

## 2018-03-29 Release Notes

### TTsuite-WAVE-DSRC 1.2.0 is now available!

This release of TTsuite-WAVE-DSRC provides a complete set of full featured tests based on the test specifications published by the Certification Operating Council for Wireless Access Vehicular Environments (WAVE) and requirements specified by OmniAir™. This release includes:

- A full set of tests defined in the IEEE Std 1609.2™ based test specification (V1.3)
- A full set of tests defined in the IEEE Std 1609.3™ based test specification (V1.3.3)
- A full set of tests defined in the IEEE Std 1609.4™ based test specification (V1.3)
- A full set of tests defined in the SAE J2945™/1 based test specification (V0.5.5)

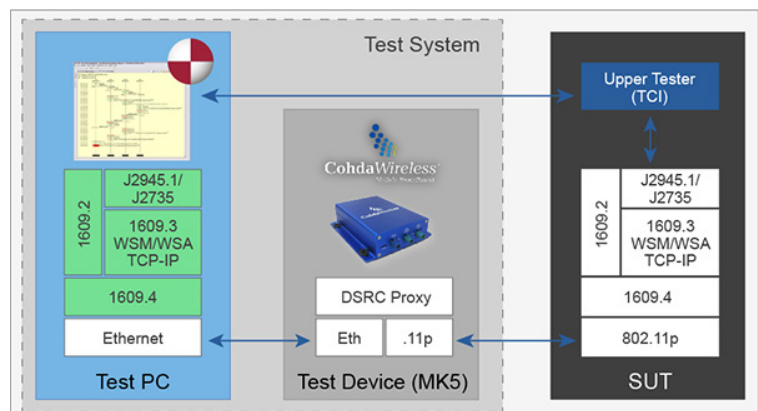

Using the test suite along with a Test Control Interface and a DSRC proxy application enables you to execute test cases fully automated.

### Please note!

The latest maintenance version of TTworkbench 25 is mandatory for using TTsuite-WAVE-DSRC.

### What's new?

- Implementation of all recent change requests by OmniAir™ TWG for the test specifications
- New certificates issued to Spirent valid until July 2018
  - Please read the 'Security Configuration Guide' for detailed information on setting up the system correctly. Click on [Help](#) → [Help contents](#) → [Using TTsuite-WAVE-DSRC](#) → [Common configuration](#) → [Security information](#).
- Test cases for IEEE Std 1609.4™ are split into multiple test cases representing a dedicated combination of channel numbers and data rates
- Introduction of a new naming convention for test cases based on test purposes including variants and repetition procedure steps
  - For detailed information, please read the respective chapters on test specification in the [Using TTsuite-WAVE-DSRC](#) guide.
- Fixes for all recently detected issues

## Download of TTsuite-WAVE-DSRC

To download TTsuite-WAVE-DSRC 1.2.0, you need to register yourself in the Spirent Customer Service Center at <https://support.spirent.com>. Afterwards, please follow these detailed instructions on [How to download TTworkbench, TTsuites & TTplugins](#).

Please direct all questions and inquiries to our support team at [support@spirent.com](mailto:support@spirent.com) *with **TTworkbench** in your subject line beside your topic* to ensure fast response times.

If you prefer to call our customer care department, please dial [+49 30 726 19 19 0](tel:+493072619190).

It is Spirent's intention to provide you with the highest level of customer service. Thank you for your continued interest!
